

Dear Supporter

You are invited to join us at the most exciting fundraising event of the Emily Ash Trust calendar

On Sunday June 24th, we will be holding the inaugural

'Emily Ash Trust Challenge Cup'

The endurance race is for company & private teams of 6 drivers to race for 3 hours - the team that completes the most laps in the time allotted WINS!

Surbiton Raceway – The Circuit

The professional circuit has a tarmac surface incorporating two straights, five right hand and two left bends. Measuring approximately 700m and with a rise of some 20 ft at the paddock end the pro karts can obtain **speeds of up to 68mph**.

Endurance Racing

Endurance race will be fully marshalled and involve **10-12 teams of 6 drivers** racing for **3 hours**.

Teamwork is essential, as drivers must work together, swapping track time and fighting for overall position. With constant updates on the video screens within the viewing area and complete printed race statistics this is as close as you will get to the real thing.

Club House

Surbiton Raceway has a fully licensed clubhouse as well as a beer garden for those who simply want to relax with a drink overlooking the racetrack. The club house also has a widescreen plasma television, pool and snooker tables!
